dBS Solutions

Welcome to new Corporate Member dBS Solutions. Find out more about them [here](#).

PLASA Glasgow

PLASA Glasgow is nearly here. The show returns to the SECC on January 20th and 21st.

There are some interesting seminars planned, as well as the exhibitors stands. Check out Wednesday Morning's session from Orbital and Nexo on Modular PA systems, or Thursday's panel discussion on Education and Theatre Production. You can prebook your place online.

The full list of events can be viewed [here](#)

The ASD will be exhibiting on stand C15, register for [free attendance here](#).

Behind the Scenes Charity

From **Bobby Aitken**:

I have recently become involved with a charity that I thought might be of interest to fellow ASD members. Behind The Scenes is a charity set up to offer financial support to non-performing entertainment industry professionals in times of need. I first became aware of it while working the U.S. a few years ago. The charity is now established in the U.K. and hopes to be as successful here. Any ASD member, including corporate members, who has earned a living in the entertainment industry for at least five years would be eligible to apply for a Grant. Grants are awarded to cover basic living expenses such as rent or mortgage, property taxes or utility bills. They are given, usually on a short term basis, following injury or illness. This includes non work related injury. There is much more detail on the charity's [web site](#) - click on the U.K. button. Please have a look. If you require any further information please don't hesitate to [contact me](#) and I'll try to help.

Hardware, software & sounds news

JBL Control HST hemispherical surround speaker

This speaker plays sound more evenly round a room than a front facing speaker, and features a rear-facing woofer. Find out more [here](#)
