NEW YEAR DRINKS d&b ELECTRO- ACOUSTICS SEMINAR AGM

January 11th is going to be a busy day!

At 10:30, our friends from d&b are running an **ASD-exclusive electro-acoustics seminar**. Register your place [here](#).

At 16:30 we'll hold our **Annual General Meeting**. Please [email](#) us to add anything to the agenda.

Gareth Owen has reached his constitutional limit this year and will not re-stand at the AGM. We would like to take this opportunity to thank Gareth for his years of service and all his hard work, especially on the Echo.

Gareth's departure leaves us with a vacant position on the Board. If you are interested in joining the board, please fill in [this form](#).

Information on what being a board member entails can be found [here](#).

From 18:00, it's our **New Year Drinks!** Join us for a fun filled night back at the Deck, on the roof of the National Theatre. For everyone busy on shows, we'll head to the Understudy from 22:00.

From Our Friends

EM Acoustics Factory Tour

Join EM Acoustics for a very special factory tour and product explanation. Find out how their speakers are designed and manufactured on this exclusive ASD tour. Register your place [here](#) and find out more about the event [here](#).

Hardware, software and sounds

Mini Rig 3

UP TO **100 HOURS** OF BATTERY

BUILT TO LAST

The new Mini Rig 3 speaker is twice as loud as its predecessor, boasting 100 hours of battery and super fast recharging. You can now control even more via the app, including EQ and gain. Find out more via their [website](#).

Pro Tools build your own MTRX

Avid's configurable MTRX sound-card, which can be configured using a wide range of option cards, now has a Dante card available too, to add 64 channels with both a primary and secondary port. More [here](#).

Cubase v10

Steinberg have updated Cubase and this version now includes virtual reality production tools. It's got 5GB of SFX to help you get started with further downloads available. See what Audio Media International thought [here](#).

Interesting reading

It's more watching than reading, but Gareth Fry has been busily testing his DPA 6061 for water resistance. Watch the video [here](#).

Andrew Francis from Shure talks about the impending 700MHz clearance [here](#).

This article in the New York Times shows

The Pro-Tools Expert blog have found [this brilliant video](#) detailing how to make a plate reverb from an Ikea shelf.
